Crest of Excellence

ECOWATER SYSTEMS COMPACT/BOOST SERIES & ECR/ERR/ERRC 3500/3700 SERIES LIMITED WARRANTY

The EcoWater Systems Crest of Excellence Guarantee

Satisfied customers are our most valuable asset, and EcoWater has been dedicated to the manufacture of the highest quality water conditioning equipment and to the satisfaction of its customers for over 90 years. When you purchase EcoWater equipment you're buying quality; and that is exactly what we expect you to receive!

The Crest of Excellence Performance Guarantee assures you that satisfying customers is our primary concern, and allows you to feel secure and confident with the quality of your purchase.

If during the first year of installation, the unit does not perform the function for which it was designed, and the repetitive problem remains uncorrected, we will – under the Crest of Excellence Performance Guarantee and at no charge to you – replace the unit with identical equipment or with equipment of comparable features and capabilities.

The Crest of Excellence Performance Guarantee applies to new Compact/Boost Series and ECR/ERR/ERRC 3500/3700 Series equipment which is purchased and serviced through Authorized EcoWater Dealers, and is not applicable to equipment which is damaged or destroyed by forces of nature, abuse, neglect or misuse.

It's just that easy! Quality and satisfaction are what you are buying and the Crest of Excellence Performance Guarantee is our promise that you'll get what you pay for!
